

Who Are WE?

Your Association (VEA) is affiliated with the WEA and NEA and is serviced regionally for WEA through the WEA-Riverside. Each entity provides essential services and programs for you, the leadership, and community. VEA is the most visible serving you locally for bargaining, member advocacy, and communications. WEA serves as your lobbying agent in Olympia. WEA also has a network of staff and resources available for training, legal services, and member communications. The NEA provides member benefits, lobbying on the National level, training, and communications. One affiliate cannot fully service your needs as an educator without the other.
