

Springing into the Bargain!

The VEA bargaining team met with the district team all day on March 31st to complete the exchange of non-monetary proposals. VEA has now shared all of our non-monetary proposals with the district and they have given us the bulk of their proposals, some of which are monetary in scope. Between now and our next session on April 21st, your VEA bargaining team will review and prepare responses to their initial proposals as well as their counters to our initial proposals. We expect to begin discussion of proposals with monetary implications at our next meeting.

We are grateful for all the hard work that our VEA bargaining team has already put in so far this year and recognize there is still plenty of work in the weeks and months ahead. Thank you to: VEA Executive Director, Rick Wilson – President, Kari Van Nostran – Primary Representative, Anne Wiley (Roosevelt) – Intermediate Representatives, Jamie Anderson (Lincoln) and Dave Warner (Fruit Valley)– Middle School Representative and bargaining chair, Keith Lloyd (Alki MS) – High School Representative, Rose Emanuel (Fort Vancouver HS) – and Special Education Representative, Elaine Fritschie (Lincoln).

Please be sure that VEA has your current home (non-school or college) email on file, and subscribe to the text blast for bargaining notifications by typing VEAINFO to 41411.

April 21st is the next bargaining session with the district.
