

Vancouver Education Association
VEA National Board Candidate Support Cohort Program
2026-27

VEA provides facilitated support for candidates going through the National Board for Professional Teaching Standards certification process. Candidate support is optional for teachers completing their National Boards; however, teacher candidates who are part of a support program show a significantly higher passing rate.

As part of a cohort, candidates receive support, instruction, and feedback from their trained facilitators who are VEA colleagues. Examples include: “unpacking” the National Board component prompts, finding evidence of National Board standards, and ensuring alignment. Clock hours will be available.
